AI SEARCH FIX GUIDE + PROMPT

ChatGPT aur Gemini aapke business ke baare mein kya bolte hain? Check kijiye, galtiyan pakadiye, aur sources theek kijiye.

✦ Prompt 📍 Listing 🌐 Website

STEP 1 · BONUS PROMPT

AI SE PUCHHIYE

ChatGPT aur Gemini dono mein ye prompt paste kijiye (naam aur city badal kar):

```
"[Business ka naam], [city] ke baare mein bataiye: poora address, khulne ka time (har din), phone number, kaunsi services dete hain, aur customers kya kehte hain. Har jawab ka source bhi bataiye."
```

- [ ] Har galat jawab note kijiye (timing, address, phone, services)
- [ ] Source dekhiye — AI kahan se padh raha hai
- [ ] Same sawaal Google AI Mode / Gemini mein bhi

STEP 2

GOOGLE LISTING POORI BHARIYE

```
Google Search → business ka naam → Edit profile
```

- [ ] Hours: har din ka sahi time + special hours (tyohar, chhutti)
- [ ] Services / products: saare, saaf naam ke saath
- [ ] Phone, website, address: ekdum sahi
- [ ] Description: aap kya karte hain, kahan, kiske liye

> **Tip:** Jo galti AI ne boli, wahi field pehle theek kijiye.

STEP 3 · ASLI FIX

WEBSITE PAR BHI WAHI INFO

AI aapki listing ke saath website aur doosri jagahon se bhi padhta hai. Jab har jagah ek jaisi jaankari hogi, jawab sahi hone lagega.

- [ ] Contact page: address, phone, timing — listing jaisa hi
- [ ] About page: aap kya karte hain, kab se, kahan
- [ ] Services page: har service ka naam aur 2-3 lines
- [ ] Har mahine dobara AI se check kijiye

AI tools apne hisaab se update hote hain; badlav mein time lag sakta hai. Results vary.
