PEHLE YE CHECK KAR LIJIYE

GEMINI TABHI **CONNECT** HOGA JAB...

- **Personal Google account** (gmail) se login — wahi account jo listing ka owner/manager hai. Work ya school (company domain) account abhi support nahi hai.
- Aap **sirf ek verified listing** ke owner/manager hain. Ek se zyada listings wale account (agency, franchise) abhi eligible nahi.
- Umar **18+**.
- Gemini settings mein **Keep Activity ON** hai — off hone par connect nahi hota.
- Kaam sirf **browser** mein hota hai: **gemini.google.com** (laptop ya phone browser).
- Hindi aur English dono chalte hain — prompt Hinglish mein bhi likh sakte hain.

Rollout: Google ye feature dheere-dheere sabko de raha hai. Agar abhi option nahi dikh raha, kuch din baad دوبارا try kijiye.

Summary: Is hafte ka vishesh offer! Hamari services par paayein shaandar chhoot. Aaj hi labh uthayein aur adhik jaankari ke liye sampark karein.

Confirm Post

Better post ke liye prompt mein ye 4 cheezein daaliye: (1) exact offer — kitna discount / kya free, (2) kab tak valid, (3) kis area ke customers ke liye, (4) button — Call, Book, Order ya Learn more.

@Google Business Profile **is hafte ki offer post banao**: [offer — e.g. pehli visit par 20% off], valid [date] tak, [area] ke customers ke liye, button "Call now". Simple Hinglish, 2 emoji, 80 words se kam.

STEP 4

SCHEDULE KIIYE — **HO GAYA**

Draft pasand aaye toh bas likhiye: **“kal subah 10 baje schedule karo”**.
 Gemini schedule wala draft dikhayega → check karke **Confirm Post**.

Time ka dhyan: Gemini time UTC mein dikha sakta hai — **04:30 = 10:00 AM IST**. Confirm karne se pehle time check kar lijiye.

CONFIRM POST DABANE SE PEHLE — 5 CHECKS

- Offer, price aur dates **sahi** hain? (Gemini kabhi-kabhi generic “special offer” likh deta hai — apni real detail daaliye.)
- Aisi koi service ya claim nahi jo aap dete hi nahi.
- Area / city ka naam sahi.
- Phone number post ke text mein mat likhiye (aisi posts reject ho sakti hain) — iske liye “Call now” button use kijiye.
- Apni asli photo add kijiye (Business Profile mein) — real photo wali posts zyada bharosa banati hain.

COMMON PROBLEMS – QUICK FIX

Problem	Fix
@Google Business Profile option hi nahi dikh raha	Personal (gmail) account se login kijiye; rollout abhi aapke account tak nahi pahuncha ho toh kuch din baad try kijiye.
Connect nahi ho raha	Gemini settings → Activity → Keep Activity ON kijiye, phir dobara.
Sab sahi hai, phir bhi connect ka option nahi aata	Account par ek se zyada listings hain — sirf ek verified listing wala account chahiye.
Company email (work account) se login	Work/school accounts abhi support nahi; listing ke personal owner account se kijiye.
Post bahut generic hai	Prompt mein offer, date, area aur button likhiye (page 4 ka formula). “Isse chhota karo / aur friendly banao” bolkar edit karwaiye.
Post ab live kyun nahi dikh rahi?	Scheduled post apne time par jaati hai; publish ke baad Google review mein thoda time lag sakta hai.
Disconnect karna hai	gemini.google.com/apps → Google Business Profile → off.

Pro tip: Gemini se poochhiye — “@Google Business Profile log mujhe kin search words se dhoondh rahe hain?” — aur unhi words par apni agli posts likhwaiye.
